EDUCATION EDITION

MOVEMENT BEGINS HERE

education

EDITION

The background image shows a contemporary study or workspace. The wall is made of vertical wood planks. A minimalist black clock is mounted in the center. To the left, a white floating shelf holds books and a small plant. To the right, another white floating shelf holds books and decorative objects. Below these, a large white bookshelf is filled with books. In the foreground, a white desk is partially visible on the left, with a black office chair underneath. On the right, a grey backpack sits on the floor next to the bookshelf. A semi-transparent dark blue rectangle is overlaid in the center, containing white text.

We have selected a range from our wide collection, that meets the requirements for a contemporary educational workspace.

Enjoy and get inspired...

MOBILITY AND LEARNING IS **CONNECTED.**

Children wildly range in size, growth, strength and cognitive ability. It's essential to ensure that chairs and desks are properly scaled to fit the size of the individual student.

Actiforce makes these requirements easy to obtain and will improve students attention, concentration, memory and basic comfort.

STEELFORCE SLS 570 SC H-FOOT
ACTIVITY STOOL 2.0

570 H-FOOT

SINGLE COLUMN

Innovative technology meets contemporary design. This sit-stand innovation provides endless layout options and leaves nothing to be desired.

This smaller dimensions and optional castors makes the desk ideal to use as a workspace for both groups and individuals.

Achieve futuristic comfort today.

ADD MOVEMENT AND **PROMOTE LEARNING**

The most notable advancement in classroom seating is seating that moves. This can be achieved with our Activity stool which reduces the pressure on the body joints when sitting and at the same time provide the benefits of standing.

STEELFORCE

PRO 370 SINGLE COLUMN

This smaller desk solution can help optimize spaces and provide interesting design solutions.

The hight adjustable option elevates the room dynamic while the personal comfort increases the amount of energy people will be able to regain in the different social spaces.

NO POWER NO PROBLEM

Desire for flexibility?

Our BringAlong and Steelforce Pro 100 HC can easily be moved and adjusted without a power source attached.

The wheels offers easy positioning, while the height adjustment of the table allows you to always change your working position to provide the best options ergonomically.

The Steelforce Pro 100 Hand Crank also has an adjustable crossbar. The ability to adjust width makes it extremely versatile and a good solution for both large and small places where a workstation is needed.
